22.1 (1) In sections 22.2 to 22.11,

"base year amount" means, in relation to a medical laboratory, the amount calculated in accordance with section 22.5;

"fiscal year" means the 12-month period beginning on April 1;

"over-threshold laboratory" means a medical laboratory that has a threshold amount for a fiscal year (determined without regard to the operation of section 22.4) that is less than the total amount payable to it under section 22 for insured services provided during the year;

(2) Two or more medical laboratories are jointly engaged in providing insured services if they provide the services as a joint undertaking on a fully-integrated basis, whether as partners or otherwise.

(3) Sections 22.2 to 22.11 do not apply with respect to hospital laboratories.

22.2 (1) For the purposes of subsections 17.1 (6) and 17.2 (4) of the Act,

(a) all insured services provided by a medical laboratory are prescribed insured services;

(b) the prescribed period for a medical laboratory is a fiscal year; and

(c) the prescribed amount for a medical laboratory is its threshold amount for the fiscal year.

(2) If the total amount payable under section 22 for insured services provided by a medical laboratory during a fiscal year equals or exceeds its threshold amount, the fee payable for each insured service it performs during the fiscal year is decreased by the percentage that is calculated as follows:

1. Calculate the medical laboratory's threshold amount for the fiscal year.

2. Subtract the threshold amount from the total amount payable to the medical laboratory for the fiscal year.

3. Express the amount calculated under paragraph 2 as a percentage of the total amount payable to the medical laboratory for the fiscal year.

22.3 (1) A medical laboratory's threshold amount for a fiscal year is the amount calculated as follows:

1. Calculate the medical laboratory's base year amount.

2. Express the base year amount as a percentage of the base year amounts of all medical laboratories.

3. Multiply the provincial cap for the fiscal year by the percentage calculated under paragraph 2.

4. Add the amounts, if any, calculated under section 22.4.

(2) The provincial cap applicable for the purposes of calculating threshold amounts for medical laboratories is,

(a) $415,236,088 for the 1995/96 fiscal year;

(b) $416,128,124 for the 1996/97 fiscal year;

(c) $418,297,741 for the 1997/98 and subsequent fiscal years.

22.4 (1) This section applies if one or more medical laboratories are under-threshold laboratories for a fiscal year.

(2) For each over-threshold laboratory that is jointly engaged in providing insured services with an under-threshold laboratory, the threshold amount for the fiscal year is increased in accordance with subsection (4).

(3) The threshold amount for a fiscal year for each over-threshold laboratory is increased in accordance with subsection (5). Increases under this subsection are calculated after any increases required by subsection (2) are made.

(4) The amount of the increase described in subsection (2) for an over-threshold laboratory is calculated as follows:

1. Subtract the total amount payable to the under-threshold laboratory under section 22 for insured services provided during the fiscal year from its threshold amount for the year.

2. Allocate the amount calculated under paragraph 1 among the over-threshold laboratories jointly engaged with the under-threshold laboratory in providing insured services during the fiscal year. The allocation is to be made in proportion to their respective threshold amounts for the year (determined without regard to the operation of this section).

3. Increase the threshold amount of each over-threshold laboratory by the lesser of,

   i. the amount allocated to the laboratory under paragraph 2, or

   ii. the amount that results in the threshold amount being equal to the total amount payable to the laboratory under section 22 for insured services provided by it during the fiscal year.

4. If the threshold amount of one or more over-threshold laboratories is increased by the amount described in subparagraph ii of paragraph 3, for each such laboratory subtract the amount of the increase from the amount allocated to the laboratory under paragraph 2.

5. Add the amounts calculated under paragraph 4.

6. Allocate the amount calculated under paragraph 5 among the over-threshold laboratories whose threshold amount was increased by the amount described in subparagraph i of paragraph 3, in proportion to their respective threshold amounts (determined without regard to the operation of this section).

7. Paragraphs 3 to 6 apply, with necessary modifications, with respect to the allocation of amounts calculated under paragraph 5 until,

   i. all such amounts are allocated, or

   ii. the threshold amount of every over-threshold laboratory equals the total amount payable to the laboratory under section 22 for insured services provided by it during the fiscal year.

(5) The amount of the increase described in subsection (3) for an over-threshold laboratory is calculated as follows:

1. For each under-threshold laboratory that is not jointly engaged in providing insured services with an over-threshold laboratory, subtract the total amount payable to it under section 22 for insured services provided during the fiscal year from its threshold amount for the year.

2. Add all amounts calculated under paragraph 5 of subsection (4) that remain unallocated under paragraph 7 of that subsection.

3. Add the amounts calculated under paragraphs 1 and 2.

4. Allocate the amount calculated under paragraph 3 among the over-threshold laboratories that are entitled to an increase under subsection (3), in proportion to their respective threshold amounts (determined without regard to the operation of this subsection).

5. Increase the threshold amount of each over-threshold laboratory by the lesser of,

   i. the amount allocated to the laboratory under paragraph 4, or

   ii. the amount that results in the threshold amount being equal to the total amount payable to the laboratory under section 22 for insured services provided by it during the fiscal year.

6. If two or more over-threshold laboratories that are entitled to an increase under subsection (3) were jointly engaged with each

other in providing insured services during the fiscal year and the threshold amount of one or more of them is increased by the amount described in subparagraph ii of paragraph 5, for each such laboratory subtract the amount of the increase from the amount allocated to the laboratory under paragraph 4.

7. Add the amounts calculated under paragraph 6.

8. Allocate the amount calculated under paragraph 7 among the over-threshold laboratories who were jointly engaged with a laboratory described in paragraph 6 and whose threshold amounts were increased by the amount described in subparagraph i of paragraph 5, in proportion to their respective threshold amounts (determined without regard to the operation of this subsection).

9. Paragraphs 5 to 8 apply, with necessary modifications, until,

   i) all amounts calculated under paragraph 7 are allocated, or

   ii) the threshold amount of each laboratory receiving an allocated amount under paragraph 8 equals the total amount payable to the laboratory under section 22,

   whichever occurs first.

10. If the threshold amount of every jointly engaged over-threshold laboratory to which amounts are allocated under paragraph 8 equals its total amount payable under section 22, determine the amount, if any, that remains unallocated.

11. If the threshold amount of one or more over-threshold laboratories, other than a jointly engaged over-threshold laboratory described in paragraph 6, is increased by an amount described in subparagraph ii of paragraph 5, for each such laboratory subtract the amount of the increase from the amount allocated to the laboratory under paragraph 4.

12. Add the amounts calculated under paragraph 11 and any amount determined under paragraph 10.

13. Allocate the amount calculated under paragraph 12 among the over-threshold laboratories whose threshold amounts were increased by the amount described in subparagraph i of paragraph 5, other than any jointly engaged over-threshold laboratory that ceases to be over-threshold as a result of an allocation under paragraph 8, in proportion to their respective threshold amounts (determined without regard to the operation of this subsection).

14. Paragraphs 5 and 11 to 13 apply, with necessary modifications, until all such amounts are allocated.

22.5 (1) The base year amount for a medical laboratory is calculated as follows:

1. For each physician who authorized insured services that were performed by the medical laboratory during the 1995/96 fiscal year, calculate the total amount payable under section 22 to all laboratories for insured services authorized by the physician for that fiscal year.

2. Express the total amount payable to the medical laboratory for insured services authorized by each physician as a percentage of the amount calculated under paragraph 1 in respect of the physician.

3. For each physician, calculate the total individual unit values of all insured services authorized by him or her and performed by all laboratories during the 1995/96 fiscal year.

4. For each physician, reduce the amount calculated under paragraph 3 by 8.5737 per cent.

5. For each physician, calculate the amount that would have been payable under section 22 for all insured services authorized by him or her and performed by all medical laboratories during the 1995/96 fiscal year. The calculation is to be based upon the total individual unit values for the insured services, as reduced under paragraph 4.

6. For each physician, multiply the amount calculated under paragraph 5 by the percentage calculated under paragraph 2 for the physician.

7. Add the amounts calculated under paragraph 6 for every physician that authorized the insured services that the medical laboratory performed during the 1995/96 fiscal year.

8. For the following medical laboratories, add the amount indicated:

   i. Canadian Medical Laboratories Ltd., $397,922,

   ii. Flemingdon Medical Laboratories, $1,537,136,

   iii. Hospital-In-Common Laboratory Inc., $182,750,

   iv. MDS Inc., $2,108,864,

   v. Med-Chem Health Care Ltd., $922,003.

9. Add or subtract (as the case may be) the amounts, if any, calculated under sections 22.6 to 22.12.

(2) Despite subsection (1), if no amount was payable under the Plan to the medical laboratory for performing insured services before January 1, 1997, the base year amount for the medical laboratory is calculated as follows:

1. Multiply by four an amount equal to 85 per cent of the total individual unit values for insured services, if any, performed by the medical laboratory from January 1 to March 31, 1997.

2. Add or subtract (as the case may be) the amounts, if any, calculated under sections 22.6 to 22.11.

(3) Except where otherwise provided, a change in a medical laboratory's base year amount made under sections 22.6 to 22.11 applies with respect to the calculation of the threshold amount for the fiscal year in which the change is made and for every subsequent fiscal year.

22.6 (1) This section applies if one or more medical laboratories are under-threshold laboratories for a fiscal year after the 1996/97 fiscal year.

(2) The base year amount of each under-threshold laboratory is decreased by the amount calculated using the formula,

$$\frac{A \times B}{C}$$

in which,

"A" equals the total of the base year amounts of all medical laboratories for the fiscal year (calculated without regard to the operation of this section),

"B" equals the amount by which the threshold amount for the laboratory in the fiscal year exceeds the total amount payable under

section 22 to the laboratory for insured services provided during the fiscal year, and

"C" equals the provincial cap set out in subsection 22.3 (2) for the fiscal year.

(3) The base year amount of each medical laboratory that is an over-threshold laboratory for the fiscal year is increased by the amount calculated using the formula,

$$\frac{A \times D}{C}$$

in which,

"A" and "C" have the same meaning as in subsection (2), and

"D" equals the amount by which the threshold amount for the fiscal year for the over-threshold laboratory is increased under section 22.4.

(4) A change in base year amounts made under this section applies with respect to the calculation of threshold amounts for the fiscal year following the year in which the circumstance described in subsection (1) exists, and for every subsequent fiscal year.

22.7 (1) The base year amount for a medical laboratory is increased by the amount calculated under subsection (2) if the laboratory becomes licensed to perform, and begins to perform, one or more of the fo llowing tests during the 1995/96 or 1996/97 fiscal year:

1. Antithrombin III assay (L373).
2. C-peptide Immunoreactivity (L346).
3. Dehydroepiandrosterone Sulphate (L347).
4. Free T-3 (L607).
5. Free Testosterone (L608).
6. 1,25 Dihydroxy Vitamin D (L605).
7. 25 Hydroxy Vitamin D (L606).
8. Immunoperoxidase technique (L731).
9. Leukocyte phenotyping by monoclonal antibodies (L685 or L686).
10. Methenalbumin (L171).
11. Oxalic Acid - U (L184).
12. Plasminogen assay (L433).
13. Total Haemolytic complement (CH 50 non-kit) (L530).
14. Thyroglobulin (L609).

(2) The amount of the increase is calculated using the formula,

$$A \times B \times 0.43945$$

in which,

"A" is the total individual unit values (based on the unit values in effect on April 1, 1997) for all the tests listed in subsection (1) that were performed by or on behalf of the Hospital-in-Common Laboratory Inc. during the 1995/96 fiscal year, and

"B" is the total individual unit values of the tests listed in subsection (1) performed by the medical laboratory from April 1 until June 30, 1997 expressed as a percentage of the total individual unit values of the tests performed during that period by all medical laboratories entitled to an increase under subsection (1).

22.8 (1) This section applies with respect to a referring laboratory and a receiving laboratory,

(a) if during the 1995/96 fiscal year the referring laboratory referred certain tests to the receiving laboratory; and

(b) if during the 1995/96 or 1996/97 fiscal year,

(i) the referring laboratory becomes licensed to perform those tests and begins to perform them instead of referring them to the receiving laboratory, or

(ii) the referring laboratory begins referring the tests to a related laboratory instead of the receiving laboratory.

(2) The base year amount for the referring laboratory is increased, and the base year amount for the receiving laboratory is decreased, by 85 per cent of the total amount that would have been payable under subsection 22 (4) for tests referred by the referring laboratory that were performed by the receiving laboratory during the 1995/96 fiscal year.

(3) A change in the base year amount made under this section applies with respect to the calculation of threshold amounts for the 1996/97 fiscal year and for every subsequent fiscal year.

(4) For the purposes of subsection (1), two medical laboratories are related if they are controlled (within the meaning of subsection 1 (5) of the *Business Corporations Act*) by the same person.

22.9 (1) This section applies with respect to a referring laboratory and a receiving laboratory,

(a) if, during the 1995/96 fiscal year, the receiving laboratory performed tests that were referred by the referring laboratory;

(b) if, on or after April 1, 1997, the receiving laboratory ceases to perform some or all of the tests referred by the referring laboratory; and

(c) if neither the referring laboratory nor a related laboratory is licensed to perform the tests when the receiving laboratory ceases to perform some or all of them.

(2) The base year amount for the receiving laboratory is decreased, and the base year amount for all of the medical laboratories described in subsection (3) is increased, by the amount calculated as follows:

1. With respect to the type of test that the receiving laboratory ceases to perform, determine the total amount that would have been payable under subsection 22 (4) for tests of that type referred by the referring laboratory that were performed by the receiving laboratory during the 1995/96 fiscal year.
2. Multiply the amount calculated under paragraph 1 by 85 per cent.

(3) The increase is apportioned among the following medical laboratories as follows:

1. If the referring laboratory refers the tests to other medical laboratories and one receiving laboratory performs all the tests referred, the base year amount for the receiving laboratory is increased by the amount calculated under subsection (2).

2. If the referring laboratory refers the tests to other medical laboratories and two or more medical laboratories perform the tests, the amount calculated under subsection (2) is allocated between them, and the base year amount of each is increased, in proportion to the total amount payable to each of them respectively for the tests.

22.10 (1) This section applies if a written agreement in effect between two medical laboratories provides that,

(a) one of them (the "managing laboratory") will manage and operate all or part of the laboratory business of the other of them (the "contracting laboratory"); or

(b) one of them (the "managing laboratory") will perform insured services referred by the other of them (the "contracting laboratory").

(2) The agreement must have been in effect on March 31, 1996 or it must replace such an agreement, although the replacement agreement may involve a different managing laboratory than the one that was a party to the agreement in effect on March 31, 1996.

(3) If the agreement terminates on March 31, upon its termination the base year amount for the managing laboratory that was a party to the agreement in effect on March 31, 1996 is decreased in the fiscal year after the agreement is terminated, and the base year amount for the contracting laboratory is increased, by the amount calculated as follows:

1. Calculate 85 per cent of the total amount that would have been payable under subsection 22 (4) to the managing laboratory for insured services performed during the 1995/96 fiscal year by the managing laboratory under the agreement then in effect.

2. Calculate 85 per cent of the total amount that would have been payable under subsection 22 (4) to the contracting laboratory for all insured services performed by it during the 1995/96 fiscal year.

3. If the amount calculated under paragraph 1 is greater than or equal to the amount calculated under paragraph 2, the amount calculated under paragraph 1 is the amount of the increase or decrease, as the case may be, in the base year amount.

(4) If the agreement terminates on a date other than March 31, upon its termination the base year amount for the managing laboratory that was a party to the agreement in effect on March 31, 1996 is decreased in the fiscal year in which the agreement is terminated and in the following fiscal year, and the base year amount for the contracting laboratory is increased in each of those years, by the amounts calculated as follows:

1. Calculate the amount of the increase or decrease that would be payable if the agreement terminated on March 31.

2. Multiply the amount calculated under paragraph 1 by the following fraction:

$$\frac{\text{number of days remaining in the fiscal year}}{\text{number of days in the fiscal year}}$$

The resulting amount is the amount of the increase or decrease, as the case may be, in the fiscal year in which the agreement is terminated.

3. Subtract the amount calculated under paragraph 2 from the amount calculated under paragraph 1. The resulting amount is the amount of the increase or decrease, as the case may be, in the following fiscal year.

(5) Despite subsections (3) and (4), if the contracting party enters into an agreement with another medical laboratory within 60 days after the expiry of the agreement referred to in subsection (1),

(a) the base year amount for the contracting laboratory shall not be increased as provided by subsection (3) or (4); and

(b) the base year amount for the other medical laboratory shall be increased by the amount that the base year amount for the contracting laboratory would have been increased under subsection (3) or (4).

(6) Upon the termination of an agreement described in subsection (5), the base year amount for the contracting laboratory is increased and the base year amount for the other medical laboratory is decreased as provided by subsection (3) or (4).

22.11 (1) This section applies,

(a) one medical laboratory (the "transferring laboratory") transfers its interest in one or more laboratories (the "transferred facilities") licensed under the *Laboratory and Specimen Collection Centre Licensing Act* to another medical laboratory (the "acquiring laboratory") and ceases to hold a licence under that Act for the transferred facilities;

(b) when one medical laboratory becomes controlled (within the meaning of subsection 1 (5) of the *Business Corporations Act*) by another medical laboratory or two medical laboratories become controlled by the same person; or

(c) when two or more medical laboratories amalgamate.

(2) In the circumstances described in subsection (1) (a) and only if both medical laboratories agree, the base year amount for the acquiring laboratory is increased and the base year amount for the transferring laboratory is decreased by the amount calculated as follows:

1. Calculate 85 per cent of the total amount payable under subsection 22 (4) to the transferring laboratory for insured services performed at the transferred facilities in the fiscal year before the transfer of interest in the facilities occurs.

2. Calculate 85 per cent of the total amount payable under subsection 22 (4) to the transferring laboratory for the same fiscal year.

3. Express the amount calculated under paragraph 1 as a percentage of the amount calculated under paragraph 2.

4. Multiply the base year amount of the transferring laboratory by the percentage calculated under paragraph 3.

(3) In the circumstances described in clause (1) (b) and only if both medical laboratories agree,

(a) the base year amount for one of the medical laboratories is increased by the amount of the base year amount for the other medical laboratory; and

(b) the base year amount for the other medical laboratory is reduced to zero.

(4) When two or more medical laboratories amalgamate and only if the amalgamating laboratories agree,

(a) the base year amount for the amalgamated laboratory is increased by the base year amount for each of the amalgamating laboratories; and

(b) the base year amount for each of the amalgamating laboratories is reduced to zero.

(5) The base year amount is transferred as of April 1 in the fiscal year in which the event described in subsection (2), (3) or (4) occurs.

TABLE OF REGULATIONS

The Table of Regulations shows the regulations contained in the Revised Regulations of Ontario, 1990 and those made after December 31, 1990 and before January 1, 1998. It also shows the amendments to those regulations.

Most of the listings are in English only. Some regulations have an official French version. Bilingual regulations are indicated by a bilingual title.

Occasionally numerical, typographical or other clerical errors are made in the publication of the text of regulations. Corrections are published in *The Ontario Gazette*. A schedule of the dates these corrections were published is included at the end of this Table.

The dates on which regulations were published in *The Ontario Gazette* are set out in a table immediately following this Table.

The abbreviation "Rev." means revoked.

The abbreviation "Exp." means expired.

TABLE DES RÈGLEMENTS

La Table des règlements énumère tous les règlements contenus dans les Règlements refondus de l'Ontario de 1990 et ceux pris après le 31 décembre 1990 mais avant le 1er janvier 1998. Elle indique également les modifications apportées à ces règlements.

La plupart des entrées ne figurent qu'en anglais. Quelques règlements ont une version française officielle et leur titre est indiqué dans les deux langues.

À l'occasion, des erreurs d'écritures, notamment d'ordre numérique ou typographique, se glissent dans le texte des règlements qui sont publiés. Des corrections sont publiées dans la *Gazette de l'Ontario*. Les dates auxquelles ces corrections ont été faites figurent dans l'annexe qui se trouve à la fin de cette Table.

Les dates auxquelles les règlements ont été publiés dans la *Gazette de l'Ontario* figurent dans la table qui suit celle-ci.

L'abréviation «Rev.» indique que le règlement est abrogé.

L'abréviation «Exp.» indique que le règlement est périmé.

EA File No.: MU-0112 (2)

TAKE NOTICE that the period for requiring a hearing, provided for in the Notice of Completion of the Review for the above noted undertaking, expired on September 12, 1997. I received no submissions before the expiration date. The public had been advised that the Minister was considering applying section 9 of the Act with respect to the Environmental Assessment (which has the effect of eliminating the acceptance decision which was necessary prior to January 1, 1997) and were invited to make submissions on that proposal. None did.

Pursuant to subsection 12.4 (3) of the amended *Environmental Assessment Act* I order that the provisions of section 9 (other than paragraph 9 (2) 2 and other than the reference to subsection 6.4 (2) in paragraph 9 (2) 5) apply with respect to the Environmental Assessment.

I do not consider it advisable or necessary to hold a hearing. Having considered the purpose of the Act, the Environmental Assessment, and the Review, I hereby give approval to proceed with the undertaking, subject to conditions set out in Attachment A.

REASONS:

My reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the Review, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.

2. No other beneficial alternative method of implementing the undertaking was identified.

3. On the basis of the proponent's Environmental Assessment, the Review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

4. The Government Review Team has indicated no outstanding concerns that cannot be addressed through conditions of approval or conditions of a Provisional Certificate of Approval. The public review of the Environmental Assessment did not identify any outstanding concerns.

5. I have not received any submissions or requirements for a hearing after giving the Notice of Completion dated August 6, 1997. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be required.

Dated at Toronto, this 2nd day of December, 1997.

"lands" means the lands described in Schedules A and B to the agreement.

(2) A board shall exempt an owner from education development charges on the lands to the extent provided for in the agreement.

PART III
DETERMINATION OF CHARGES AND PASSAGE OF BY-LAW

DETERMINATION OF EDUCATION DEVELOPMENT CHARGES

7. Before an education development charge by-law is passed, the board shall do the following for the purposes of determining the education development charges:

1. The board shall estimate the number of new dwelling units in the area in which the charges are to be imposed for each of the 15 years immediately following the day the board intends to have the by-law come into force. The board's estimate shall include only new dwelling units in respect of which education development charges may be imposed.

2. The board shall identify different types of new dwelling units and estimate, for each type, the average number of new elementary school pupils and the average number of new secondary school pupils generated by each new dwelling unit who will attend schools of the board.

3. For each of the 15 years referred to in paragraph 1, the board shall estimate the total number of new elementary school pupils and new secondary school pupils using the estimated number of new dwelling units and the estimated average number of new pupils generated by each new dwelling unit subject to the following adjustments,

   i. the board shall reduce the number of new elementary school pupils by the number of existing elementary school pupil places that, in the opinion of the board, could reasonably be used to accommodate those new pupils,

   ii. the board shall reduce the number of new secondary school pupils by the number of existing secondary school pupil places that, in the opinion of the board, could reasonably be used to accommodate those new pupils.

4. The board shall estimate the net education land cost for the elementary school sites and secondary school sites required to provide pupil places for the new elementary school pupils and new secondary school pupils.

5. The board shall estimate the balance of the education development charge reserve fund, if any, relating to the area in which the charges are to be imposed. The estimate shall be an estimate of the balance immediately before the day the board intends to have the by-law come into force.

6. The board shall adjust the net education land cost with respect to any balance estimated under paragraph 5. If the balance is positive, the balance shall be subtracted from the cost. If the balance is negative, the balance shall be converted to a positive number and added to the cost.

7. The net education land cost as adjusted, if necessary, under paragraph 6, is the growth-related net education land cost.

8. The board shall choose the percentage of the growth-related net education land cost that is to be funded by charges on residential development and the percentage, if any, that is to be funded by charges on non-residential development. The percentage that is to be funded by charges on non-residential development shall not exceed 40 percent.

9. The board shall determine the charges on residential development subject to the following,

   i. the charges shall be expressed as a rate per new dwelling unit,

ii. the rate shall be the same throughout the area in which charges are to be imposed under the by-law,

iii. the rate shall be an amount determined by the board so that if applied, over the 15 year period referred to in paragraph 1, to the estimated residential development in the area to which the by-law would apply and for which charges may be imposed, the percentage of the growth-related net education land cost that is to be funded by charges on residential development would not be exceeded.

10. If charges are to be imposed on non-residential development, the board shall determine the charges subject to the following,

i. the charges shall be expressed as one of the following types of rate, as selected by the board,

A. a rate to be applied to the gross floor area of the development, or

B. a rate to be applied to the declared value of the development,

ii. the board may choose to have one type of rate for some parts of the area in which charges are to be imposed and the other type of rate to apply to the other parts of the area in which charges are to be imposed,

iii. the board may not choose to have both types of rate apply within a city, town, village or township,

iv. if only one type of rate applies under the by-law, the rate shall be the same throughout the area in which charges are to be imposed under the by-law,

v. if both types of rate are to apply under the by-law, each of those rates shall be the same throughout the area in which each type of rate applies,

vi. the rate (or rates if both types of rate are to apply under the by-law) shall be determined by the board so that if applied, over the 15 year period referred to in paragraph 1, to the estimated non-residential development in the area to which the by-law would apply and for which charges may be imposed, the percentage of the growth-related net education land cost that is to be funded by charges on non-residential development would not be exceeded.

APPLICATION OF CHARGE IF BASED ON DECLARED VALUE OF DEVELOPMENT

8. An education development charge expressed as a rate to be applied to the declared value of a development shall be applied to the declared value used to calculate the building permit fee, if that fee is calculated using the declared value of the development.

8.1.1.2. Definitions

(1) In this Part,

Soil means in-situ, naturally occurring, unconsolidated mineral or organic material, at the earth's surface which is at least 100 mm thick and capable of supporting plant growth, and includes material compacted or cemented by soil forming processes, but does not include displaced materials such as gravel dumps, mine spoils, or like deposits.

8.1.2. Application

8.1.2.1. Classification of Systems

(1) All *sewage systems* shall be classed as one of the following:

(a) Class 1-- a chemical toilet, an incinerating toilet, a recirculating toilet, a self-contained *portable toilet* and all forms of privy including a *portable privy*, an *earth pit privy*, a *pail privy*, a *privy vault* and a composting toilet system,

(b) Class 2 -- a *greywater* system,

(c) Class 3 -- a cesspool,

(d) Class 4 -- a *leaching bed* system,

(e) Class 5 -- a system which requires or uses a *holding tank* for the retention of *hauled sewage* at the site where it is produced prior to its collection by a *hauled sewage system*,

8.1.2.2. Operation and Maintenance

(1) Operation and maintenance of *sewage systems* shall comply with Section 8.9.

8.1.3. Limitations

8.1.3.1. Discharge

(1) Except as provided in Sentences (2) to (5) the *sewage system* shall be designed and *constructed* to receive only *sanitary sewage* of domestic origin.

(2) Where laundry waste is not more than 20 per cent of the total daily design *sanitary sewage* flow, it may discharge to a *sewage system*.

(3) Where industrial process waste water is treated to the contaminant levels found in domestic *sanitary sewage* it may discharge to a *leaching bed* provided the *treatment unit* and *sewage system* are designed in accordance with good engineering practice.

(4) Where all kitchen waste water from a restaurant has passed through an operating grease interceptor, it may discharge to a *leaching bed system* provided the *sewage system* has been designed in accordance with good engineering practice.

(5) Water softener and iron filter discharge may be directed to the *sewage system* provided the system has been designed to accept such discharges.

(6) *Storm sewage* shall not be discharged into a *sewage system*.

8.2.1.2. Site Evaluation

(1) A site evaluation shall be conducted on every site where a new or replacement *sewage system* is to be installed.

(2) The *percolation time* shall be determined by either percolation tests or by classifying the *soil* according to the Unified Soil Classification System as described in the Supplementary Guidelines to the 1997 OBC.

(3) Where the *percolation time* is determined by a percolation test, there shall be a minimum of 3 locations selected, suitably spaced to

accurately evaluate the *leaching bed* area, with the highest *percolation time* of the tests being used.

8.2.1.3. Sewage System Design Flows

(1) For *residential occupancies*, the total daily design *sanitary sewage* flow shall be at least the value in Column 2 as determined from Table 8.2.1.3.A.

(2) For all other *occupancies*, the total daily design *sanitary sewage* flow shall be at least the value as determined from the formula:

$$Q = 24 * \frac{V}{R}$$

where:

Q = the total daily design *sanitary sewage* flow
V = the volume in litres from Column 3 of Table 8.2.1.3.B.
R = the runoff time in hours from Column 2 of Table 8.2.1.3.B

(3) Where a *building* contains more than one establishment, the total daily design *sanitary sewage* flow shall be the sum of the total daily design *sanitary sewage* flow for each establishment.

(4) Where an *occupancy* is not listed in Table 8.2.1.3.B., the highest of metered flow data from at least 6 similar establishments shall be acceptable for determining total daily design *sanitary sewage* flow.

Motor Vehicle Transport Act/Truck Transportation Act
Loi sur les transports routiers/Loi sur le camionnage

The following are applications for operating licences under the *Truck Transportation Act*, R.S.O. 1990, Chapter T.22, and/or the *Motor Vehicle Transport Act, 1987*, Chapter 35. The applicants have met the fitness requirements pursuant to Section 6 of the *Truck Transportation Act* and/or Section 8(2) of the *Motor Vehicle Transport Act, 1987* and the provincial transport board and/or the Registrar of Motor Vehicles proposes to issue the licences if no written objection is served on the applicant and filed with the Registrar of Motor Vehicles, within thirty days of this publication.

The following applicants have applied for Authority to offer a transportation service for the carriage of Goods:

On trouvera ci-après la liste des demandes de permis d'exploitation présentées en vertu de la *Loi sur le camionnage, L.R.O. 1990, chapitre T.22*, et/ou la *Loi de 1987 sur les transports routiers, L.C. 1987, chapitre 35*. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8(2) de la *Loi de 1987 sur les transports routiers* et l'office des transports de l'Ontario et/ou le registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

PROFESSIONAL FEE GUIDELINE - PODIATRISTS

This guideline is issued pursuant to Subsections 14 (4), 15 (6), and 24 (2) of the *Statutory Accident Benefits Schedule - Accidents on or After November 1, 1996* (SABS) and applies to expenses incurred on or after March 7, 1998.

This guideline applies only to persons registered to practice in Ontario as podiatrists under Section 3 of the *Chiropody Act, 1991*.

Purpose

This guideline sets out the maximum rate or amount of expenses for the services of a podiatrist that an insurer is liable to pay for:

- a medical benefit under Subsections 14 (2) (f) or (h) of the SABS;
- a rehabilitation benefit under Subsections 15 (5) of the SABS; or
- conducting an examination or assessment or providing a certificate, report or treatment plan under Subsection 24 (1) (a) of the SABS.

Fees for Podiatrists

The range of fees for services provided by podiatrists is $110.00 per hour to $120.00 per hour for direct (one-on-one) podiatry time (including diagnosis, treatment, report preparation, inter-professional consultation and consultation with insurers).

Podiatry Utilization Guideline

Where applicable, podiatrists and insurers should consider utilizing the flag set out in the Podiatry Utilization Guideline that appears in *The Ontario Gazette* on March 7, 1998 pursuant to Section 268.3 of the *Insurance Act*.

PODIATRY UTILIZATION GUIDELINE

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline applies to all accidents occurring on or after March 7, 1998 and is intended to help insurers, claimants and providers distinguish exceptional cases, or to trigger special consideration.

Guideline

A treatment plan containing podiatry services in excess of $500.00 will serve as a flag for exceptional cases requiring further review and assessment. This amount is inclusive of treatment costs, orthotics (but not drugs) and other goods and services not otherwise covered by the Ontario Health Insurance Plan.

DIRECTIVE CONCERNANT LES HONORAIRES PROFESSIONNELS EN PODOLOGIE

La présente directive est émise conformément aux paragraphes 14 (4), 15 (6) et 24 (2) de l'*Annexe sur les indemnités d'accident légales - Accidents survenus le 1er novembre 1996 ou après ce jour* (Annexe) et s'applique aux dépenses engagées le 7 mars 1998 ou après ce jour.

La directive ne concerne que les personnes autorisées à pratiquer la podologie en Ontario en vertu de l'article 3 de la *Loi de 1991 sur les podologues*.

But

La directive fixe le plafond des honoraires ou des dépenses qu'un assureur est tenu de payer en ce qui concerne les services de podologie fournis :

- soit à titre d'indemnité pour frais médicaux conformément aux alinéas 14 (2) f) ou h) de l'Annexe;
- soit à titre d'indemnité de réadaptation conformément au paragraphe 15 (5) de l'Annexe;
- soit à titre d'examen ou d'évaluation ou encore en vue de fournir un certificat, un rapport ou un programme de traitement conformément à l'alinéa 24 (1) a) de l'Annexe.

Honoraires des podologues

Les honoraires des podologues se situent entre 110 $ et 120 $ l'heure pour les services de podologie offerts directement (de façon individuelle). Ces services comprennent le diagnostic, le traitement, la préparation de rapports, ainsi que la consultation avec d'autres professionnels et avec les assureurs.

Directive concernant le recours à la podologie

Lorsqu'il y a lieu, les podologues et les assureurs devraient envisager l'utilisation de l'indicateur précisé dans la Directive concernant le recours à la podologie, qui figure dans la *Gazette de l'Ontario* du 7 mars 1998, en vertu de l'article 268.3 de la *Loi sur les assurances*.

DIRECTIVE CONCERNANT LE RECOURS À LA PODOLOGIE

La présente directive est émise conformément à l'article 268.3 de la *Loi sur les assurances*.

La directive s'applique à tous les accidents survenus le 7 mars 1998 ou après ce jour et a pour but d'aider les assureurs, les demandeurs et les fournisseurs de soins à repérer les cas exceptionnels ou qui demandent une attention spéciale.

Directive

Lorsque les services de podologie d'un programme de traitement sont supérieurs à 500 $, cela indique qu'il s'agit d'un cas exceptionnel qui nécessite un examen et une évaluation supplémentaires. Ce montant englobe les coûts de traitement, des orthèses (non des médicaments) et des autres produits et services non couverts par l'Assurance-santé de l'Ontario.

6. (1) A municipal police officer may be a candidate, or may seek to become a candidate, in a federal or provincial election or in an election for municipal council only while on a leave of absence granted under subsection (2).

(2) A municipal police officer who seeks to become a candidate in a federal or provincial election or in an election for municipal council shall apply to the board of the municipality in which he or she is employed for a leave of absence without pay and the board shall grant the leave of absence.

(3) Despite subsections (1) and (2), a municipal police officer may seek to become a candidate or may be a candidate in an election for municipal council without taking a leave of absence if,

TOWN OF RICHMOND HILL

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the Town of Richmond Hill, application will be made to the Legislative Assembly of the Province of Ontario for an Act permitting the Corporation to place special restrictions on the demolition or removal of "designated properties", located within the Town of Richmond Hill as defined in the *Ontario Heritage Act*, R.S.O. 1990, Chap. O.18, as amended, so as to provide for additional protection of designated heritage properties. Where the *Ontario Heritage Act* does not permit an owner of a designated property to demolish or remove the property until the expiry of 180 days of following Council's refusal of an application to demolish the property, the proposed Act would permit the Town of Richmond Hill to prohibit the demolition or removal of a designated property until the expiry of the 180 days and the issuance of a building permit to erect a new building on the site of the designated property. The new building would be required to be substantially completed within two years of the commencement of the demolition or removal of the designated property. Persons refused by Council may apply to Council for relief from this two-year requirement, and a right of appeal from Council's decision would lie to the Ontario Municipal Board. Similar provisions would apply to designated buildings and structures located in heritage conservation districts within the Town of Richmond Hill. The demolition or removal of a building or structure on a designated property or within a heritage conservation district in contravention of the proposed Act would constitute an offence punishable by a fine of not more than $1,000,000.00 or imprisonment for a term of not more than one year, or both.

The application for the proposed Act will be considered by the Standing Committee on Regulations and Private Bills. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

TOWN OF RICHMOND HILL

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the Town of Richmond Hill, application will be made to the Legislative Assembly of the Province of Ontario for an Act permitting the Corporation to place special restrictions on the demolition or removal of "designated properties", located within the Town of Richmond Hill as defined in the *Ontario Heritage Act*, R.S.O. 1990, Chap. O.18, as amended, so as to provide for additional protection of designated heritage properties. Where the *Ontario Heritage Act* does not permit an owner of a designated property to demolish or remove the property until the expiry of 180 days of following Council's refusal of an application to demolish the property, the proposed Act would permit the Town of Richmond Hill to prohibit the demolition or removal of a designated property until the expiry of the 180 days and the issuance of a building permit to erect a new building on the site of the designated property. The new building would be required to be substantially completed within two years of the commencement of the demolition or removal of the designated property. Persons refused by Council may apply to Council for relief from this two-year requirement, and a right of appeal from Council's decision would lie to the Ontario Municipal Board. Similar provisions would apply to designated buildings and structures located in heritage conservation districts within the Town of Richmond Hill. The demolition or removal of a building or structure on a designated property or within a heritage conservation district in contravention of the proposed Act would constitute an offence punishable by a fine of not more than $1,000,000.00 or imprisonment for a term of not more than one year, or both.

The application for the proposed Act will be considered by the Standing Committee on Regulations and Private Bills. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the Town of Richmond Hill, application will be made to the Legislative Assembly of the Province of Ontario for an Act permitting the Corporation to place special restrictions on the demolition or removal of "designated properties", located within the Town of Richmond Hill as defined in the *Ontario Heritage Act*, R.S.O. 1990, Chap. O.18, as amended, so as to provide for additional protection of designated heritage properties. Where the *Ontario Heritage Act* does not permit an owner of a designated property to demolish or remove the property until the expiry of 180 days of following Council's refusal of an application to demolish the property, the proposed Act would permit the Town of Richmond Hill to prohibit the demolition or removal of a designated property until the expiry of the 180 days and the issuance of a building permit to erect a new building on the site of the designated property. The new building would be required to be substantially completed within two years of the commencement of the demolition or removal of the designated property. Persons refused by Council may apply to Council for relief from this two-year requirement, and a right of appeal from Council's decision would lie to the Ontario Municipal Board. Similar provisions would apply to designated buildings and structures located in heritage conservation districts within the Town of Richmond Hill. The demolition or removal of a building or structure on a designated property or within a heritage conservation district in contravention of the proposed Act would constitute an offence punishable by a fine of not more than $1,000,000.00 or imprisonment for a term of not more than one year, or both.

Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

(3) A determination, notice or decision made under the *Ontario Works Act, 1997* shall be dealt with and finally determined in accordance with the *General Welfare Assistance Act* and the regulations under it, as they read on April 30, 1998 if,

(a) it is made with respect to a matter that applies to a period before May 1, 1998; and

(b) it relates to a person who was an applicant or recipient under the *General Welfare Assistance Act*.

3. Despite the repeal of the *General Welfare Assistance Act*, sections 18 and 19 of Regulation 537 of the Revised Regulations of Ontario, 1990 made under that Act continue to apply with respect to an item or service provided to a person during the month of April, 1998 if,

(a) that item or service is provided on a monthly basis; and

(b) the person continues to require that item or service.

4. Sections 5 and 6 apply with respect to every person who is deemed under subsection 2 (1) to be a recipient of assistance under the *Ontario Works Act, 1997*.

5. (1) In this section,

"statutory change in eligibility", with respect to a recipient under the *Ontario Works Act, 1997*, means a change with respect to the recipient's eligibility for assistance, the conditions of continuing eligibility for assistance or the amount of assistance that the recipient is to receive if that change results from differences between the way those matters were treated under the *General Welfare Assistance Act* on April 30, 1998 and the way they are treated under the *Ontario Works Act, 1997* on May 1, 1998.

(2) If a determination of the administrator is not required for a statutory change in eligibility to take effect, the change shall take effect for all recipients on May 1, 1998.

If a person was benefitting from the application of one of the following provisions of Regulation 537 of the Revised Regulations of Ontario, 1990 in April of 1998, those provisions shall continue to apply to the person after the transfer under subsection 2 (1) so long as the person remains otherwise eligible for income assistance under the *Ontario Works Act, 1997*:
